

NUCON

भारतको प्रख्यात Transformer उत्पादक कम्पनी

After 30 year of successful experience in manufacturing different type of transformers, Company has acquired the technology to manufacture Distribution & Power Transformer of high quality with a total capacity of 12000 MVA per year with technical characteristics as below:

POWER TRANSFORMER

- Power Rating upto 50 MVA
- Voltage Rating upto 145 MVA

SPECIAL PURPOSE TRANSFORMER

- ❖ Induction Furnace Duty Transformer upto 50 MVA
- ❖ Generator Transformers upto 50 MVA
- ❖ Auto Transformer up to 50 MVA
- ❖ Completely Self Protected Distribution Transformers upto 200 KVA

विशेषताहरू -

- Compact design
- 25 KVA देखि 80 MVA सम्म उपलब्ध
- सर्वशुलभ मूल्यमा नेपाली बजारमा उपलब्ध
- Equipments for indoor & outdoor use
- नेपाल विद्युत प्राधिकरणबाट गुणस्तर प्रमाणित
- Based on tried & tested technologies
- नेपालमा पहिलो CSP प्रणाली युक्त Transformer
- Large overload capacity depending an ambient temperature
- Available both (Power & Distribution) Transformer
