LED LAMPS & TUBE

Arihant go committed to providing the highest quality LED products through our strict quality assurance system. Lights up your nights with high luminescence. Energy saving & long lasting

METAL BOX & DB's

Arihant Go Distribution boards make an essential part of any circuitry in your homes, offices or any other place. This also makes sure that none of the devices suffer from the effects of over currents or short circuits. They fit in perfectly with the interiors of your homes, adding to the aesthetics.

SWITCH & SOCKET

Innovation and designing excellence. The ability to bring a sense of security, quality and affordability drives Arihant Go to bring not just products but simplistic solutions that change for the better, suiting the customer's requirements.
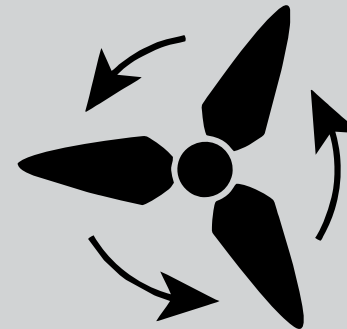

CEILING FAN

Arihant Go FAN is built with the best materials to give optimum results and last long. We bring forward a collection of classic, stylish and efficient fans that you can install in your homes to make them beautiful. With innovative designs and excellent finishes being the key elements

LED BULB

AVAILABLE WATT

3W, 5W, 7W, 9W,
12W, 15W, 18W
&
30W, 40W

PRODUCT FEATURES:

· High system efficacy: 90 lm/W
· Available with color temperature: 6500 K
· Color rendering index R a : $\geq$ 80
· Power factor: $>$ 0.9
· Long life : 40000 hrs (6 hrs/day)
· Wide Voltage input range : 85V - 265V
· Instant 100% light, no warm-up time, no flickering
· Mercury free
· Low energy consumption, high colour rendering index

LED SATURN DOWN LIGHT

AVAILABLE WATT

3W, 6W,
&
9W

PRODUCT FEATURES:

· High system efficacy: 90 lm/W
· Available with color temperature: 6500 K
· Color rendering index R a : $\geq$ 80
· Power factor: $>$ 0.9
· Long life : 40000 hrs (6 hrs/day)
· Wide Voltage input range : 85V - 265V
· Instant 100% light, no warm-up time, no flickering
· Mercury free
· Low energy consumption, high colour rendering index

LED LIGHTING SYSTEM

Arihant GO

LED PANEL LIGHT

AVAILABLE WATT	PRODUCT FEATURES:
3W, 6W, 9W, 12W & 18W	• High system efficacy: 90 lm/W • Available with color temperature: 6500 K • Color rendering index R a : $\geq$ 80 • Power factor: > 0.9 • Long life : 40000 hrs (6 hrs/day) • Wide Voltage input range : 85V - 265V • Instant 100% light, no warm-up time, no flickering • Mercury free • Low energy consumption, high colour rendering index

LED SURFACE LIGHT

AVAILABLE WATT	PRODUCT FEATURES:
6W, 9W, 12W & 18W	• High system efficacy: 90 lm/W • Available with color temperature: 6500 K • Color rendering index R a : $\geq$ 80 • Power factor: > 0.9 • Long life : 40000 hrs (6 hrs/day) • Wide Voltage input range : 85V - 265V • Instant 100% light, no warm-up time, no flickering • Mercury free • Low energy consumption, high colour rendering index

LED LIGHTING SYSTEM

Arihant GO

LED TUBE LIGHT

| AVAILABLE WATT	PRODUCT FEATURES:
18W Tube + Fixture	· High system efficacy: 90 lm/W · Available with color temperature: 6500 K · Color rendering index R a : ≥ 80 · Power factor: > 0.9 · Long life : 40000 hrs (6 hrs/day) · Wide Voltage input range : 85V - 265V · Instant 100% light, no warm-up time, no flickering · Mercury free · Low energy consumption, high colour rendering index

LED SPOT LIGHT

AVAILABLE WATT	PRODUCT FEATURES:
3W, 5W & 7W	· High system efficacy: 90 lm/W · Available with color temperature: 6500 K · Color rendering index R a : ≥ 80 · Power factor: > 0.9 · Long life : 40000 hrs (6 hrs/day) · Wide Voltage input range : 85V - 265V · Instant 100% light, no warm-up time, no flickering · Mercury free · Low energy consumption, high colour rendering index

LED LIGHTING SYSTEM

LED FLOOD LIGHT

AVAILABLE WATT	PRODUCT FEATURES:
30W, 50W, 100 W & 150W	· High system efficacy: 90 lm/W · Available with color temperature: 6500 K · Color rendering index R a : ≥ 80 · Power factor: > 0.9 · Long life : 40000 hrs (6 hrs/day) · Wide Voltage input range : 85V - 265V · Instant 100% light, no warm-up time, no flickering · Mercury free · Low energy consumption, high colour rendering index

LED STREET LIGHT

AVAILABLE WATT	PRODUCT FEATURES:
50W & 100W	· High system efficacy: 120 lm/W · Available with color temperature: 6000K & 3000K · Color rendering index R a : ≥ 80 · Power factor: > 0.9 · Long life : 40000 hrs (6 hrs/day) · Wide Voltage input range : 100V - 300V · Instant 100% light, no warm-up time, no flickering · Mercury free · Low energy consumption, high colour rendering index
